8. **Disaster management :** A pharmacist should help people in disaster condition . He should provide them proper guidance and healthcare services.

## **Q2. Write a short note on Good Pharmacy Practice and SOPs ( Standard Operating Procedure ).**

**Ans.**

### **Good Pharmacy practice**

→ It is a pharmacy Practice that responds to the need of people who use the pharmacist 's services , to provide them optimal ( best ) and evidence based care.

### **Requirement of Good Pharmacy Practice**

The main Important part of pharmacy activity to help patients through :

- The supply of medicines and healthcare products.
- The provision of appropriate information and advices to the patients.
- The administration of medicines.

### **Roles of Pharmacists in Good Pharmacy Practice**

- Roles of pharmacists in GPP are to prepare , obtain , secure , distribute , administer , dispense and dispose of medical products.

### **SOPs ( Standard Operating Procedure )**

- A standard operating procedure is a set of written instructions that document a routine or repetitive activity followed by an organization.
- The use of SOPs is a necessary part of a successful system , it provide a proper information to perform a job properly.

### **Some important objectives of SOPs**

- To enhance the quality of services .
- To promote uniformity in the provided services .
- To eliminate errors

**On the varying the circumstances the SOPs may be different , and a pharmacist can make SOPs in the light of these principles :**

- ✚ Name and address of pharmacy .
- ✚ SOPs No. , date of SOP prepared
- ✚ Aim of SOP
- ✚ Steps to carry out the SOPs
- ✚ Who is responsible for specific SOP
